What is a rooftop solar system?

- Lifespan: 25–30+ years
- ROI: Payback in 3–5 years → then free energy
- Relocation possible with bolt-mounted panels
- Key Components: Panels, inverters, batteries, mounts,
- wiring, safety systems

CLIENT TESTIMONIALS

The product and service is really good, the owner Mr.Shankar is very friendly, and the client coordinator Seenu's follow-up is very good, The overall customer satisfaction is perfect

-Ganesan rama

The solar power installation work at home was completed, their workers are excellent, very honest, and very gentle, my doubts about solar power have been fulfilled.

-Yogi yogaraj

Excellent service and customer support a throughout the installation by Arun, Aaron, Akash, and Anand. They make installation to your requirements and satisfaction. Kudos to team!!!

-Yasmin Eliyashbasha
